Scout's Obligations

- Read all the information you will receive in your packet with your gift card.
- Write down your gift card number and keep it in a safe place; you will need the card number when it comes time to submit your brief electronic report.
- After your Eagle Scout service project proposal has been approved, and when you are ready to begin spending, activate your gift card according to the instructions that came with it.
- The card must be used for purchases of goods or services that are directly related to your project. An outdoor lighting installation project, for example, might involve the purchase of light fixtures, conduit, and wire, and then fees for a licensed electrician to do the hookup to the power source. Note that the card may be used at a Lowe's location or with any vendor that accepts Discover cards. *Purchase of food and tools is not permitted*.
- You are not permitted to use the card for anything that does not directly relate to your project.
- Obtain a receipt for each expenditure made with the card.
- Take a few "before" pictures at your project site.
- Display the Lowe's poster at your project site while you are working on your project.
- Do the following as soon as possible after your project has been completed, but no later than April 30, 2014.
  - Submit your receipts to Lori Wehr, Marketing Manager, Minsi Trails Council.
  - Take a few "after" pictures of your project, preferably showing what was purchased with the card.
  - Submit three to five of your best before-and-after photos to Lori Wehr, Marketing Manager, Minsi Trails Council.
  - Make a brief electronic report of your project at: www.scouting.us.qualtrics.com/SE/?SID=SV_eED6H5OS7mgFOU5.
  - If there is any remaining balance on your card after you have finished spending for your project, submit the card to Lori Wehr, Marketing Manager, Minsi Trails Council.
